DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-2,6-10, and 14-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In the claims, a purchasing order attribute is indefinite in scope. Clarification is requested. Further, a "good receiving module" is indefinite as to its properties and functions.

Claims 7 and 15 are indefinite with respect to the "the method".

Claims 7 and 15 are confusing in that the dependent claims to which they are dependent thereon are implemented using software running on computers.
